

Dumpsters Available

Current as of 6/2/2017

The brush site is open yet, at no charge to users, for disposal of tree debris – brush/limbs, trunks, stumps. This is located at 1460 Hochmayr Dr. in the City of Chetek – signs point the way from SS & D. It is open every day from 11 a.m. to 7 p.m. (although it will be closing within the next 10 days to 2 weeks). Individuals and contractors may use it.

The Town of Prairie Lake has made 3 dumpsters available for disposal of building debris (not tree debris). These are located at the Town of Prairie Lake grounds at 796 21st Street and at Lakewood Park (boat landing) at the junction of 11 ½ Ave. and 22 ¾ St. The Town of Chetek had made dumpsters available at R Bar on CTH M which may still be in place.

If you need to have a dumpster placed at your site then you should contact your own waste hauler or any that work in Barron County.
